About Us

- The Department of Computer Science Engineering which was commenced in 2009 offers UG programme and in 2013 started offering PG programme.
- The departments have grown excellently in academic and research work since their inception. Henceforth UG & PG(B.E (CSE), and M.E (CSE)) are offered in the department.
- Vision: Producing competent computer engineers with a strong background in the latest trends and technology to achieve academic excellence and to become pioneers in software and hardware products with an ethical approach to serve the society.
- Mission: To provide quality education by inculcating strong fundamentals in basic science , mathematics and engineering concepts through the state of the art facilities.
- To provide the learning ambience that helps the students to enhance problem solving skills and to inculcate in them the habit of continuous learning in their domain of interest.
- To serve the society by providing insight solutions to the real world problems by employing the latest trends of computing technology with strict adherence to professional and ethical responsibilities.
